

# CCC - Scoring Guidelines

*Based on a 0-90 scale*

- 90**                    Exceptionally strong with an immediate wow impact. Represents true photographic excellence.
- 80 - 89**                Very strong image. Technically correct with a compelling visual interest.
- 70 - 79**                Strong image, both technically and in terms of visual interest, which demonstrates skillful understanding of photographic principles and skills.
- 60 - 69**                Good, solid image which is technically correct and has visual interest.
- 50 - 59**                Acceptable image with no significant technical flaws.
- 40 - 49**                Demonstrates some strengths but a significant flaw, or flaws, neutralizes these strengths.
- 30-20-10**            Several significant flaws or glaring problems.
- 0**                        When a judge wishes to disqualify him/herself from scoring a particular image.
