### **Art in the A.M.**

Are you interested in sharing your photography at a fun art event? The Rehoboth Beach Writers Guild has reached out to CCC about Art in the A.M., a monthly performance event featuring visual artists, writers, and a musician.

The event is held the second Wednesday of each month at 10 a.m. at the Holland Glade clubhouse in Rehoboth Beach. Three artists share their work, writers write about it, and a musician plays a piece inspired by the art. Past photographers who have participated said it is a really fun event!

If you are interested, please email Judy Catterton with the Rehoboth Beach Writers Guild at [judyleibowitz28@gmail.com](mailto:judyleibowitz28@gmail.com). To be considered, you will be asked to provide a jpeg of your work. Judy also recommends that you attend one of the Art in the A.M. events ahead of time to see how it works. Consider participating to see what your photography inspires!

### **NECCC free mini series *Updated!***

It is HIGHLY RECOMMENDED that everyone watch the New England Camera Club Council (NECCC) recording of Episode 2 of What Makes A Successful Nature Photo, which can be found at the link below. Even non-nature photographers will find a lot of good tips...!

<https://group.neccc.org/judge/>

It was an excellent webinar with a lot of meat on the bone--well worth your time! (One hour + questions.)

**NOTE:** NECCC follows more lenient Nature rules than Coastal Camera Club because it follows the "new" Nature rules of the Photographic Society of America (PSA), so some references in Episodes 1 and 2 as to what is or is not allowed under the new NECCC/PSA Nature rules do not comply with CCC's more stringent rules which more closely align with PSA's new "Wildlife" category.

The New England Camera Club Council (NECCC) is presenting a series of four free webinars entitled "You Be the Judge" miniseries that will help you to critically evaluate your Nature Images.

Info on upcoming Episodes 3 and 4 can be found at <https://group.neccc.org/judge/>

Episode 3: March 31, Using a Photo's Impact to Influence Commenting, by Chane Cullens (HonNEC). Free. Registration is required.
