Assigned Pictorial Topics for 2024-2025

September 25th - Phone only: original photo must have been taken with a cell phone. There are no restrictions on subject matter or processing techniques.

October 23rd - Wrinkled: subject matter must show distortions caused by nature/wear and tear. Examples include soil, fabric, and skin, but are not limited to those.

November 20th - Natural abstract: photo must be of a living subject and display a pattern as it exists in its natural state. There are no hand of man or processing restrictions.

December 18th - Nature with Hand-of-Man: the opposite of “no hand of man”, examples might be images that include roads, a fisherman, a mountain hiker, non-native species.

January 22nd - Eyes: the organ that receives light and visual images, found in humans and most animals.

February 26th - Musician(s): those who make music: who perform, compose, conduct, arrange, and teach music, those who makes music.

March 26th - Triangle, Triangular: Having three sides or three corners; creating the impression of a three-sided shape; a composition which places a group of three so it infers a triangular shape.

April 23rd - Mirrored Images: a reflected duplication of an object that appears almost identical but is reversed in the direction.
